11. Ijarah is _____

A. refers to a contract under which a bank buys and leases out equipment required by its clients for a rental fee. The duration of the lease and the rental fees are agreed in advance. Ownership of the equipment remains in the hands of the bank. This type of contract is a classic Islamic one, and is now gaining popularity worldwide.

B. is an agreement between two parties: one provides 100% of the capital for the project, and the other party known as mudharib manages the project using his/her entrepreneurial skills. Profits arising from the project are distributed according to a predetermined ratio. Any losses accruing are borne by the provider of capital. The provider of capital has no control over the management of the project.

C. is a contract of sale between the bank and its client for the sale of goods at a price, which includes a profit margin, agreed by both parties. As a financing technique, it involves the purchase of goods by the bank as requested by its clients. The goods are sold to the client with a mark-up. Repayments, usually in instalments, are specified in the contract.

D. is an Islamic financing technique that involves a partnership between two parties who both provide capital towards the financing of a project. Both parties share profits on a pre-agreed ratio but losses are shared on the basis of equity participation. Either both or one of the parties may carry out management of the project. It is a very flexible partnership arrangement where the sharing of the profits and management of the project can be negotiated and pre-agreed by the parties.

12. Bursa Malaysia Securities Berhad has established an Islamic Markets division dedicated to the development of Shariah-compliant capital market products and services as well as trading platforms. Among others, the ICM products and services available in Bursa Malaysia are as follows:

- I. Bursa Suq Al-Sila' and Bursa Malaysia-i

- A. I and II only
- B. III and IV only
- C. I, II and III only
- D. All of the above**

13. The SAC approves and updates stocks listed on Bursa Malaysia classified as Shariah-compliant securities. The list of Shariah-compliant securities is updated and published every May and November and provides investment reference for Islamic indices and unit trust funds, takaful funds, Islamic stockbroking companies' services and investors looking for Shariah-compliant investments. The list meets the following objectives:

- I. Facilitate investors seeking investment in Shariah-compliant shares listed on Bursa Malaysia
- II. Centralise Shariah decisions related to securities domestically
- III. Enhance disclosure and transparency

IV. Promote the development of Islamic Capital Market (ICM) and encourage the development of Islamic instruments.

- A. I and II only
- B. III and IV only
- C. I, II and III only
- D. All of the above**

14. The SAC screens listed shares based on a certain methodology comprising quantitative and qualitative assessments. As a preliminary screening, companies which activities are not contrary to Shariah principles will be classified as Shariah-compliant securities. Listed companies will be deemed as Shariah non-compliant if they are involved in the following core activities:

- I. Financial services based on riba (interest)
- II. Gaming and gambling
- III. Manufacture or sale of non-halal products or related products
- IV. Conventional insurance

- A. I and II only
- B. III and IV only
- C. I, II and III only
- D. All of the above**

15. The SAC screens listed shares based on a certain methodology comprising quantitative and qualitative assessments. As a preliminary screening, companies which activities are not contrary to Shariah principles will be classified as Shariah-compliant securities. Listed companies will be deemed as Shariah non-compliant if they are involved in the following core activities:

- I. Entertainment activities that are non-permissible according to Shariah
- II. Manufacture or sale of tobacco-based products or related products
- III. Stockbroking or share trading on Shariah non-compliant securities
- IV. Other activities deemed non-permissible according to Shariah

- A. I and II only
- B. III and IV only
- C. I, II and III only
- D. All of the above**

16. For companies with activities comprising both permissible and non-permissible activities, the SAC measures level of contribution of these activities towards turnover and profit before tax of a company. The SAC uses benchmarks based on Ijtihad (Shariah-based reasoning). The contributions of non-permissible activities have to be less than the benchmark of _____ (depending on the type of activity) in order to be classified as Shariah-compliant.

- A. 5% or 20%**
- B. 5% or 30%
- C. 20% or 30%
- D. 30% or 51%

17. Under the Islamic Capital Market (ICM), the SAC subsequently assesses the financial management of the company by applying financial ratio benchmarks which:

- A. it must be less than 5%
- B. it must be less than 20%
- C. it must be less than 33%**
- D. it must be less than 51%

Topic 2
